

## Join us for a day of fun for the benefit of The Genesee Valley Conservancy

This year the quiz is going to be held at the Shire on protected land so that we can still have fun whilst social distancing and without being overcrowded. The barn, in other years, has accommodated over 100 participants. This year we are going to have two sessions on the same day, at 3pm and 6 pm with no more than 50 competitors at a time. Make sure you book early to get the time slot of your choice.

### Here's how the Quiz works

Teams shall consist of no more than six people. The Quiz starts promptly at either **3:00 p.m. or 6:00 p.m.** The Quiz Masters will read each question twice (not once and not three times!). At the end of each round teams swap papers with an adjacent table and the Quiz Masters give the answers. Each team marks the sheet of an adjoining team and then hands it back. A volunteer will circulate and pick up the sheets to take up to the scorers. There will be a scoreboard which is updated as the Quiz progresses. The **Picture Quiz** is available as early as **2:30 pm.** and **5:30 pm.** Teams have from then until the end of the last round to work on identifying the images, and should bear in mind that it comprises about a third of the team's potential score.

### Organizing a team

Each team must have a team name and a team captain. Since teams may decide to be smaller than six people we have changed the pricing back to just per person. It is therefore essential that individual applications indicate the name of their team captain. So, please mail in the attached registration form with payment as soon as possible, or register online. It goes without saying that no spectators will be allowed in the barn. On Quiz Night, team captains **must** check in at the Registration Table to hand over the final **team form** along with payment for any additional team members. The Quiz Masters will then release the Picture Quiz to that team. Please note that the team form now has a check box to indicate that every team member is free of COVID-19. One final piece of advice: diversity breeds success. A table with a mixture of ages and interests will have a greater chance of answering all the questions.

Here's a question that might appear in a section on Geography. Answers below. **Where is the world's smallest desert and, for another point, what is its name?**

**The use of mobile devices (cell phones, tablets, etc.) is strictly prohibited.**

### Food and beverage

You may bring your own food, beverages, plates, glasses and napkins. We shall, of course, provide tables and chairs and will put hand sanitizers and sealed bottles of water on each table.

The Corcross Desert, in Yukon, Canada
